

This program is a treasure hunting game conducted at a traditional Okinawan style townscape which recreates historical atmosphere of the Ryukyu Kingdom era approximately from 400 years ago. The participants can experience Okinawa's history and culture through the 2-hours activity.

The game promotes exchanges among participants and strengthens teamwork. It is very effective for breaking the ice and introducing participants to each other.

* The game is suitable for a maximum of 400 participants.

Experience excitement and sus-pense in Murasaki Mura

The theme of the treasure hunting game takes place in the Ryukyu Kingdom at the beginning of the 17th century. Participants in teams of 4 to 10 members take on the role of brave Ryukyu citizens ordered by the king to save the country and must work together to solve some difficult riddles. In the 1st barrier which determines how the game will progress, participants face a variety of challenges in the Murasaki Mura theme park which is modeled after an old Okinawan village and gain souvenirs which they create. Participants answer riddles to solve the mystery and find the treasure.

The approximately 2-hour game creates a positive environment for communication among participants while exposing the participants to the history and culture of Okinawa. This program improves communication pathways in the organization.
